

Abstract of the Disclosure

1  
2 The invention includes a method for product development including: determining  
3 customer requirements for a product; storing the requirements in a computer  
4 readable database; evaluating economics of developing the product per the  
5 customer requirements; storing the evaluation in the computer readable  
6 database; selecting a base technology; storing the selection in the computer  
7 readable database; determining modifications needed of the base technology to  
8 meet the final requirements; storing information of the determination in the  
9 computer readable database; and testing the determination to verify it meets the  
10 final requirements; and storing details and results of the testing in the computer  
11 readable database.
